## RECENT PRICE SLASHES TRIM FARM INCOME

WHEAT AND HOGS DOWN; POTATOES GOOD ITEM

BY WILLIAM FERRIS

Chicago, March 4 (P)—The farmer sending produce to market today finds he is getting a lower income from several important items than he did a year ago.

How the farmer's income took a wallop in the recent slash of market values was revealed in a comparison of prices yesterday with March 3, 1947. Such important items as wheat, hogs and cotton were lower.

The hog top at Chicago a year ago was \$29.50 a hundred pounds. Yesterday the best price was \$24.25. This decline has developed despite a smaller number of hogs.

### Feed Grains High

Farmers are doing a little better with cattle. As an example, good steers and yearlings which brought \$21.00 to \$24.00 a year ago at St. Paul, Minn., a year ago are now bringing \$23.50 to \$26.30.

But sheep prices are under a year ago. Good and choice native and fed woolen western lambs were worth \$24.00 to \$24.40 at St. Louis a year ago. Yesterday they brought around \$22.00.

These prices are typical. The same variations with 1947 apply in all livestock markets.

In the big Kansas City cash market, wheat sold no lower than \$2.54½ a bushel on March 3, 1947, was down to as low as \$2.44½ yesterday.

But the feed grains—corn and oats—are much higher than last March. This is not as much a help to farmer income as it might appear. He doesn't have much feed—grains—a result of last year's short corn crop.

A grade of corn which brought \$1.62 a bushel a year ago at Chicago was worth \$2.36½ yesterday. In Minneapolis, oats which sold for \$8.00 to 89 cents on March 3, 1947, brought \$1.26½ to \$1.29½ yesterday.

### Butter Unchanged

Potatoes are another good item. The lowly spud was so weak at times last year it required government price support. Idaho Russet Burbank potatoes sold at \$5.65 to \$5.90 at Chicago yesterday.

### Foreign Language Radio Broadcasts Ended in Detroit

Detroit, March 4 (P)—Foreign language radio broadcasts in Detroit were scheduled to end after tomorrow.

Holding federal court had no jurisdiction in the matter. Federal Judge Arthur F. Lederle dismissed yesterday a suit of 17 foreign language groups seeking to restrain station WJLB from putting into effect a policy of all-English programs.

The judge continued through Friday a temporary order preventing the station from discontinuing the broadcasts.

All other Detroit stations previously cut such programs from their schedules.

### FREED IN DROWNING

Battle Creek (P)—E. A. Thomas of Kalamazoo has been exonerated in the drowning last week of Paul Foster, 32, also of Kalamazoo. Foster was a passenger in the Thomas car when the vehicle plunged into a millrace pond here. Police said the death was accidental.

## Frau Fuehrer Says She's Still A Nazi

BY RICHARD O'REGAN

Tuebingen, Germany, March 4 (P)—Frau Gertrud Scholtz-Klink Heissmeyer, who was the Fuehrer of Germany's women in the Nazi days, declared today: "I am still a Nazi—as much as ever."

But her voice as she said it was soft, almost meek.

Then, clutching her fist, she said:

"Hitler still lives for me and my husband."

But, she added, she and her husband, Maj. Gen. August Heissmeyer, both believe Hitler and deputy Fuehrer Martin Bormann are dead.

Frau Heissmeyer, her once blonde hair faded and her once buxom figure covered by a shabby man's coat, talked with an interviewer today for the first time since she was arrested last weekend by American, French and German police.

Gen. Heissmeyer, apprehended with her, spent most of his time during the interview trying to shush his wife. They are being held in a small French prison here.

She said she escaped from Berlin on May 2, 1945, after being wounded five times by Russian shell splinters in the last days of Nazidom. With her husband she said, she fled into the Russian zone and stayed there until October, 1945.

Then she said they came to Wuerzburg and sought sanctuary with Princess Pauline, a cigar-smoking 71-year-old who was arrested yesterday on charges of sheltering the Heissmeiers.

Frau Heissmeyer said they they identified the name of Gen. Heissmeyer's mother, Stuckebrock. Under that name, she said, they were exonerated in French de-nazification proceedings.

"I suppose we will have to be denazified again," she said.

Filth, Ate Out Of Tin Plates Like Puppies

Atlanta, March 4 (P)—Four small

children were rescued last night from a dirty backroom prison where they lived in squalor, juvenile authorities said, and ate out of tin plates like puppies.

In the group were four-year-old twin boys and two girls, aged two and three.

Sgt. I. A. Thomas, investigator for the juvenile department, said three of the children were taken to a hospital. "A statement of malnutrition and diaper rash, and that the fourth was taken to a juvenile home.

The parents, Mr. and Mrs. Edward D. Carney, were held in the city jail on a charge of suspicion of neglect of minor children.

The juvenile investigator said he could offer no immediate explanation for the fact that other members of the family, including six other children, lived in neat and comfortable quarters in the forward part of the residence.

Thomas said he and two police-women went to the Carney home in response to complaints by neighbors who said the children were never allowed to leave the home.

He said the room in which the children were found was unheated. The twin boys, he said, were found sleeping on a small bed that was soaked and "unfit for humans." A torn quilt served as a mattress for the two girls.

The father, Thomas said, earns \$1.28 an hour as a crane operator.

Vandenbergs Name Filed As Nebraska Presidential Entry

Lincoln, Neb., March 4 (P)—The request of Sen. Vandenberg (R-Mich.) that his name be kept off the ballot in the April 13 Republican presidential preferential ballot was not committed to the support of any candidate.

A resolution approved by the board said "it is obvious that formation of this (Wallace) third party is not a move to build a genuine new Liberal and Progressive party, but rather a Communist party maneuver designed to advance the foreign policy interests of the Soviet Union at the expense of Democracy and freedom throughout the world."

A second resolution approved said the formation of a new party would be the union's "official political objective." It was proposed by Walter Reuther, UAW president and director of the union's political action committee.

## British Gold Coast Demands Self-Rule

London, March 4 (P)—Two groups of West Africans today demanded self government for Britain's gold coast colony, the scene of riotous disorders last weekend.

A dispatch last night from Accra, the capital, said 25 persons were killed and several hundred were wounded. British officials announced earlier that 14 persons were killed in rioting Saturday. British Colonial officials said they still did not know what caused the outbreak.

## DIXIE REBELS SET BACK BUT HAVE ACE IN HOLE

## By The Associated Press

Rebelling Dixie Democrats today received a setback in their drive to keep President Truman's name off southern ballots. But from the north came fresh support for a change in party standard bearers.

Virginia legislators yesterday threw out a bill to bar Mr. Truman's name from the ballot. But they kept another weapon to use against him.

At the same time, three New England Democrats—including Boston's long time mayor James M. Curley—urged Gen. Douglas MacArthur as their party's presidential candidate.

Curley, who last Thanksgiving was granted a presidential pardon after serving five months of a 6 to 18 months mail fraud sentence, declared the nation is demanding that Mr. Truman stay out of the race.

Five nations began talks in Brussels today on a British-proposed union of western Europe to brace themselves against the westward tide of communism.

The communist coup in Czechoslovakia and Soviet pressure on Finland provided overtones for the opening session of delegates from Britain, France and the Benelux nations—Belgium, the Netherlands and Luxembourg.

A draft agreement was submitted by the Benelux nations. A communique from the closed meeting said the draft showed "great similarity of views on the principles discussed by the five powers." The talks were then recessed until Friday afternoon to permit French and British delegates to study the draft.

Finland marked time. President Juhu E. Paasikivi still is awaiting the views of parliamentarians bloc toward Prime Minister Stalin's request for a treaty of friendship and mutual assistance similar to those which bind eastern European nations to the Soviet Union. ## MARCH FREEZE HITS MICHIGAN

## Cold Weather Expected To Stay At Least Until Weekend

## By The Associated Press

Michigan's severe March snowstorm was over today but near-zero temperatures will linger until the weekend.

The mercury plunged to 10 below at Calumet last night. It was four below at Sault Ste. Marie and two below at Cadillac.

A general minimum of 12 degrees above zero was forecast for Lower Michigan tonight.

The U. S. weather bureau in Detroit said no relief could be expected for at least 48 hours.

Continued cold will leave on the ground a heavy blanket of snow that fell in the last few days and measured as much as 12 inches in some parts of the state.

However, only a trace of additional snow was forecast for this week.

Seriously burned were:

Leon Wheeler sr., 30, father.

Rose Wheeler, 27, mother.

Leon Wheeler jr., six and one-half years old.

Joseph Wheeler, three years old.

The two little boys were reported to be in a critical condition at Bronton hospital in Kalamazoo. Joseph was reported near death.

Warren Wright of Chicago, acting leader of the group, said no delegates will be sought.

## MSC TO ASSIST DAIRY BREEDERS

### Artificial Insemination Program Available To Upper Peninsula

East Lansing, March 3 (P) — Michigan's artificial insemination program for dairy cow breeders now has been made available to the Upper Peninsula.

Seniors sent from East Lansing has to travel to Grand Rapids, Chicago, Milwaukee and on to the Upper Peninsula. Although en route for a 24-hour period, the semen arrives in good condition for use, E. J. Moilanen, Ontonagon county agricultural agent reported.

Ontonagon county now has two artificial breeding associations with a total membership which includes more than 100 herds and 1,050 dairy cows.

Baraga county in the Upper Peninsula also is receiving shipments on a trial basis and soon will be breeding more than 800 cows from registered Guernsey bull semen shipped from East Lansing. The artificial insemination program now reaches 114 different breeding associations in all parts of the state.

An artificial breeding association is proposed for Delta county and dairy farmers in the western section of the county have already indicated they have about 750 cows registered for the program. The association will be organized as soon as 1,200 cows are registered.

Tonight Joseph L. Heirman, Delta agricultural agent, will explain the program to a group of dairy farmers at Rock.

Farmers are being advised by Heirman to enter the association as soon as possible to assure themselves of the breeding service for their dairy cows. The intention is to start the breeding
